Nancy,

Mr. Bass has advised me that the City Attorney has ruled that the portable signs on Davis Boulevard are not political signs and therefore are not subject to political sign regulations. The signs are subject to the regulations for portable signs. Please contact either Mr. Staples or Mr. Bass with any questions.

Patricia

Subject: Political Signs

Patricia,

I received several phone calls this evening about portable (political) signs on Davis Blvd. I went out with a tape measure to ascertain the size, and they are 8'4" x 5'4". That equates to 43.99 +/- square feet, which is larger than the permitted 36 square feet.

Please have Code Enforcement take a look.

Thanks
Nancy Bielik
